

YMCA Procedure regarding SACC Afterschool Lessons

/ Private (Adapted Lessons)

A student(s) is only able to register for the SACC after school program swim lessons if they are not:

- i. Enrolled in any swim lesson session that is separate from the SACC lessons throughout the year,
- ii. Enrolled in any private (Adapted) lessons that are separate from the SACC lessons.

Each SACC swim lesson will be registered for (if there is room) with a new permission slip that is handed out/ made available by the Child Care Director in association with the Aquatics Department. This form will have both the start and end dates for the session as well as any information pertaining to a week or day without lessons due to Holidays. When a session is close to ending a new form will be available to fill out and, if there is room for a child(ren) to be registered, they will be on the roster for the next session of SACC After School Swim Lessons.

YMCA of Centre County policy and procedure states that childcare staff and aquatic staff are not permitted to accompany or transport a child(ren) if they are not registered and on the roster for the SACC swim lessons for the active session.
